GENERAL GUIDELINES

Time Details

The Erasmus+ International Credit Mobility (E+ ICM) program, in which UniWA is acting as the coordinating HEI, has already started at the 1st of June 2018 and its duration is 26 months until the 31st of July 2020.

Initial Procedures

The main tasks and responsibilities of each HEI - partner will be declared in the Inter-Institutional Agreement (IIA). Two academic staff members, representing each collaborating HEI (so called Institutional Representatives – IRs) are responsible for the correctness and completeness of the IIA, which should be signed by the Legal Representatives of the collaborating HEIs in two (2) copies.

As soon as the IIA is signed, a committee (E+ ICMC) is formed. It will be composed by four (4) members: On behalf of UniWA, Professor S. Vassiliadis (ERASMUS Institutional Coordinator), Associate Professor K.-S. Nikas (E+ ICM Institutional Coordinator of) and the two IRs.

E+ ICM COMMITTEE

The obligations of E+ ICMC's are the following:

- a) The responsibility for the selection and/or evaluation of the participants (professors, staff members, students) and
- b) The process of all the required paperwork during the program.

More precisely, E+ ICMC in collaboration with a staff member from the international office will prepare all mobility actions and upload them in the EU database via the Mobility Tool+.

At the beginning of each Academic semester, the E+ ICMC has to announce an open call (also via the program site) for staff members and students who are interested to participate (via an electronic application form) giving all the information including the criteria set by the E+ ICMC.

Possible selection criteria might be: mobility experience, academic merit, academic experience, motivation, language knowledge, activity plan, interest in language and culture of the host country.

- The IO with the help of ESN will organize welcome events for information and entertainment, as well as excursions, cultural events, ethnic food days and actions adopting the grantees to the host country culture.
- The ESN having also experience with a program called “buddy” (a student from UniWA available for any help of the incoming student) will help his/her buddy, the grantee, in every difficulty to ease their life, solving everyday problems such as accommodation, transportation etc.
- UniWA will provide free-of-charge Greek language lessons to the incoming students. These lessons are recognized as an integrated part of the study program and included in the Diploma Supplement, if successfully passed, by the students during the mobility.

Academic & Administrative Staff

The activity plan for each grantee has to be announced in the site of UniWA Erasmus+ International Mobility. In case that the plan includes lectures, their main information has to be known to the academic society of the host institute. Members of the Academic & Administrative staff could be involved in teaching or training activities.

Teaching: This activity allows HEI academic staff to teach at a partner HEI. Staff mobility for teaching could be in any subject area/academic discipline.

Training: This activity supports the professional development of HEI teaching and non-teaching staff in the form of training events abroad (excluding conferences) and job shadowing/observation periods/training at a partner HEI, or at another relevant organisation abroad. A mobility could combine teaching and training activities.

Mobility Agreement

Before returning to the home HEI, the Mobility Agreement (After Mobility) is completed and signed. Especially for the students, an official transcript of records is sent to the home HEI for further recognition of ECTS transferred.

AFTER MOBILITY

Upon their return to home HEI, all the participants are obliged to deliver an online report (EU survey) describing all the necessary information about their mobility.

In case of UniWA, where the ECTS system is adopted, all modules, successfully passed by the students during the mobility are recognized as an integrated part of their study program. All the necessary information for each module, such as its name, ECTS, host institution and language are declared in their Diploma Supplement (DS). In case ECTS system is not adopted by the partner HEIs, similar procedure has to be done in order to recognize all the modules successfully passed. UniWA could provide assistance in preparing all the necessary.

After the mobility, the home institution will give the opportunity to their outgoing grantees to give a presentation in order to share their experiences with their colleagues and the academic community in general. Subsequently, all the information will be uploaded on the web-site and will be introduced in all the catalogues and calendars produced by them.

WHAT IS ECTS?

ECTS is a credit system designed to make it easier for students to move between different countries. Since they are based on the learning achievements and workload of a course, a student can transfer their ECTS credits from one university to another so they are added up to contribute to an individual's degree program or training.

By completing a course, seminar, module etc. you get awarded with ECTS-credit points. Every ECTS credit point stands for a certain amount of work load. Typically, one year corresponds to 60 ECTS-credits. A 3-year Bachelor's program has therefore usually 180 ECTS-credits; a 2-year Master's program usually 120 ECTS-credits, etc. Depending on the country, one ECTS credit point equals on average between 25 and 30 working hours.
