

## Setting and Infrastructure (SI)

### Campus facilities for disabled and special needs

Parking spaces reserved for the disabled in every building

Parking spaces reserved for the disabled in every building

Access ramps in every building – exterior spaces

Toilets for the disabled in every building

Toilets for the disabled in every building

Access ramps, where needed – interior spaces

Library facilities for vision-, hearing-, or motion-impaired students, administrative and academic staff

Wheelchair lift for the disabled, where needed – interior spaces

Accessibility menu in the University website pages

#### Description:

The University of West Attica (UNIWA) operates 3 campuses in the metropolitan area of Athens, Greece. In all 3 campuses, UNIWA offers an accessible environment for student and personnel/faculty, through the following facilities:

1. Accessible campus buildings, classrooms, laboratories, libraries and restaurants through ramps, elevators and wheelchair lifts per building.
2. Accessible toilets for disabled students and personnel, one in every level, building and campus.
3. Special personal study stations for disabled students and personnel in the 2 University Libraries, for (a) motor disabilities, (b) vision problems / blindness, (c) hearing loss problems.
4. Accessible university webpages, through the introduction of an accessibility menu with functionalities that manage screen luminance, font sizes, background/foreground colors, narration, etc. (W3C / WCAG standard).
5. Facilities and services offered for on-line and for face-to-face translation of courses to the (Greek) sign language, for hearing-impaired students and personnel.
6. Training and athletic facilities in the two major UNIWA campuses for disabled students – athletes.
7. Special employment positions at the canteen at Campus 3 (Faculty of Public Health) for people with mental health problems in the framework of their professional and social rehabilitation.
