A.Zgureanu, G.Rusu,P.Yannakopoulos, C.Negara, K.Mavrommatis and during lecturing to the audience

Academic Year 2021-2022

USM, November 2021

State University of Moldova Faculty of Mathematics and Informatics, (Galina Rusu, Ludmila Novac, Tatiana Pasa et al)

3

During the COVID period we had the chance to visit USM in Moldova to promote the ERASMUS + project and also attract students from our common MSc double degree as they are entitled for a grant through the ERASMUS+ ICM

Academic Year 2022-2023

Moldova, USARB, September 2022

Meeting and discussion with Rector about the academic achievements and further collaborative possibilities. Meeting with the program responsible Corina Negara.

Discussion with the head of the department Petric Mircea and the staff for possibilities of hiring staff from Aleco Russo to teach to our MSc program.

Discussion about the future perspectives of our existing MSc program.

Discussion about our common collaborative schema to recruit new students for the MSc degrees.

Follow up of the last four year activities under our common KA107 action. Perspectives of the new ERASMUS proposal proposal.

Meeting with MSc recruitment personnel. Lecturing to the students on the ERASMUS perspectives and the scientific area of Cybersecurity in order to attract them to participate to the MSc program in both countries given the shortage of Msc students in the Region.

Set up our any new common CBHE research program-Personnel that can be involved.

Meeting with the lecturers involved in Security Courses that USARB offers in level 6 and 7.
